Abstract: This data collection request supports a national evaluation of the Title VI Grants Program that will describe how grantees identify eligible children, and plan and implement program priorities with parent, community and tribal involvement; help AI/AN students meet state standards; align and leverage program funded services with other resources; and assess student outcomes. This information will inform the U.S. Department of Education's Office of Indian Education (OIE), other federal policy, budget and program staff, and grantees about the implementation of current practices. To gather consistent information that addresses questions about how Title VI grantees are identifying eligible children and planning and implementing services for them, it is necessary to collect additional information beyond current federal data collections (e.g., Annual Performance Reports and EASIE Budget Reports provided by the OIE).
